

Devil Mountain Has Acquired Patterson Nursery Sales

We are pleased to announce that Devil Mountain Wholesale Nursery has acquired Patterson Nursery Sales in Eagle Creek, Oregon.

Founded in 1986, Patterson is a respected grower and broker of high-quality, Oregon-grown plant material serving customers throughout the United States. Over the coming months, Devil Mountain will integrate the Eagle Creek nursery into its existing network of nurseries and logistics operations. Once fully integrated, we expect to expand our reach and provide all customers with greater access to quality plant material by combining the strengths of our nursery operations, brokerage capabilities, vendor relationships, and distribution network.

The Eagle Creek nursery will be closed from August 3 through August 5 while our teams prepare for the transition. Our goal is to provide a seamless transition while continuing to deliver the best-in-class service our customers expect. We are excited about this next chapter and the additional value it will allow us to provide your business. Here is what you can expect as we integrate our companies.
